Experience

Associate UI/UX Designer Nov. 2025 – Present
Progressive Labs *Kalopul, Kathmandu*

- **Nihongo Nepal**
  - Designed the end-to-end student learning experience across lessons, practice activities, flashcards, quizzes, and JLPT/JFT mock examinations.
  - Applied secondary research to inform product decisions and contributed to UX/UI design and implementation QA throughout the MVP development and launch.
- **Watobu**
  - Defined and designed key product journeys across search, bookmarking, homepage discovery, and landing pages, contributing from initial research and UX definition to implementation and QA.
  - Built a UX reference library by curating 40+ products and worked closely with product managers and developers to refine interactions, assess technical feasibility, and address edge cases.
- **Foundery USA**
  - Partnered with product managers to restructure information architecture and redesign the landing page, improving website navigation and applying E-E-A-T principles to establish credibility and user trust.
- **P10 Labs**
  - Conducted competitive and secondary research to identify the ideal customer profile (ICP), structure modular AI services around the product lifecycle, and develop the landing page and client portal concepts with defined information architecture and a cohesive design system.

UI/UX Design Intern Sept. 2025 – Nov. 2025
Progressive Labs *Kalopul, Kathmandu*

- Built a foundation in product and UX design through hands-on work with information architecture, responsive layouts, design systems, typography, reusable components, and user-centered design principles.
- Took an internship project from initial information architecture and low-fidelity user flows through to a complete product design concept.

UI/UX Designer Aug. 2024 – Sept. 2025
TechTrust Digital Solutions Pvt. Ltd. *Purano Naikap, Kathmandu*

- Designed clear, functional, and visually consistent user interfaces, translating requirements into layouts, wireframes, and interactive prototypes.
- Collaborated with developers on design implementation, maintaining visual consistency across typography, colors, layouts, and reusable components while refining designs through feedback and QA.

Editor Jan. 2023 – Jan. 2025
Softwarica IT and Editorial Club *Dillibazar, Kathmandu*

- Led technical content creation and publication, coordinating workshops, hackathons, communications, and project documentation with contributors and faculty.

Education

Softwarica College of IT and E-Commerce Sept. 2022 – Sept. 2025
BSc (Hons) Computing | Affiliated with Coventry University *Dillibazar, Kathmandu*

Trinity International College 2020 – 2022
Higher Secondary Education | Science *Dillibazar, Nepal*
